# Coding Challenge #2: Minimalistic Calculator

Create a minimalistic calculator which can compute the basic arithmetic operations like addition, subtraction, multiplication and division.

**We'll cover the following**

- Problem Statement
  - Expected Output
- Coding Exercise

## Problem Statement

Write a program that displays the results of adding, subtracting, multiplying and dividing 6 by 3.

### Expected Output

It should display following result:

```
9

3

18

2
```

## Coding Exercise

```
1  // Write - Your - Code
```
