

Problem: The French National Flag with Gradients

The goal of this challenge is to create the French National flag with CSS linear gradients.

Welcome to this challenge!

Put on your dev hat, and let's write some code :)

The goal of this challenge is to create the French National flag. Here's what it looks like.

The French National Flag

I have gone ahead to set up the playground below. It is essentially a `div` centered within the page.

HTMLCSSOutput

```
#flag {  
  width: 400px;  
  height: 200px;  
  background: linear-gradient(to right, blue 33%, white 33% 66%, red 66% 100%);  
  margin: 20px auto;  
}
```

CSS
