

# Coding Challenge #5: Neither Yes nor No

This coding exercise is based on a combination of loops and if-else statements. Write a code that doesn't stop prompting for user input unless the user enters "yes" or "no". Good luck!

## We'll cover the following ^

- Problem Statement
  - Input
  - Expected Output
- Coding Exercise

## Problem Statement #

Write a program that plays “neither yes, nor no” with the user. Specifically, the program asks the user to enter text until either “yes” or “no” is typed, which ends the game.

## Input #

```
Hello
World
yes
```

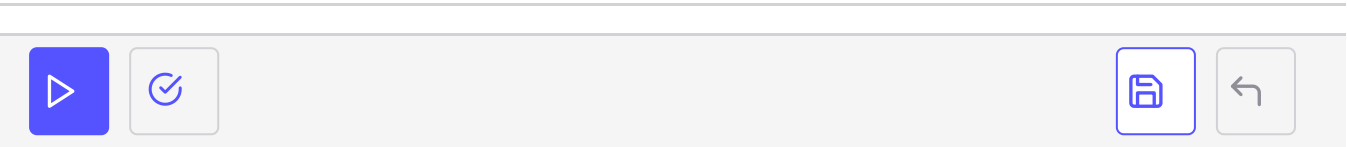

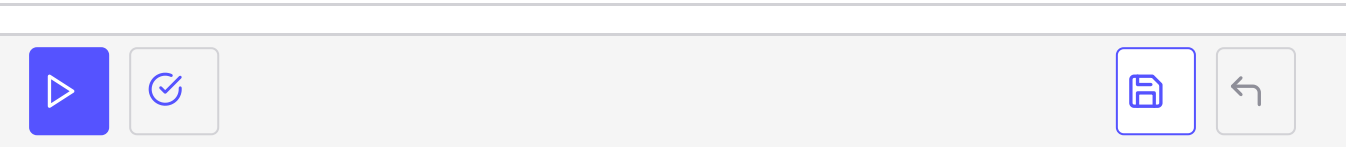

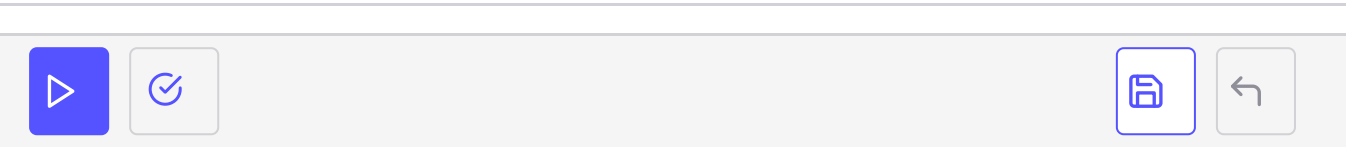

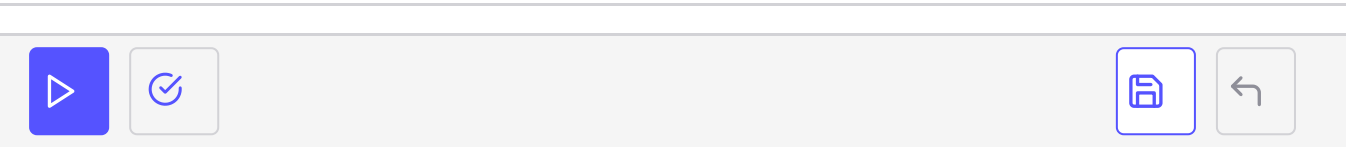

## Expected Output #

```
Hello
World
Game Ends
```

## Coding Exercise #

JavaScript

```
1 // Write - Your - Code
2
