The Solution

In the playground below, you will find my solution.

I have written loads of comments to help you understand every solution.

See them below:

Output
HTML
CSS (SCSS)

```scss
 1
 2
 3
 4    /*=======================
 5    1. Underline the h1 headi
 6    Tip: You can include an u
 7
 8    However, I have used a bo
 9    The spacing between the u
10         Uncomment the paddi
11    =======================
12    h1 {
13       border-bottom: 1px soli
14       /*padding-bottom: 15px;
15    }
16
17    /*=======================
18    2. Remove the large gap b
19
20    Tip: To remove all space
21         you must remove the
22
23    =======================
24    h1 {
25       margin-bottom: 0
26    }
27
28    h1 + p {
29       margin-top: 0
30    }
31         /*
```

Don't forget to play with any values you don't understand. Remove them and see how it affects the output. That way you'll understand what's really going on.

Go on, I'll wait.
