Problem Statement

In this exercise, you'll show information about some famous paintings on a web page table. Information about the paintings is located at URL https://raw.githubusercontent.com/bpesquet/thejsway/master/resources/paintings.json and has the following content.

```
 1  [
 2    {
 3      "name": "The Starry Night",
 4      "year": "1889",
 5      "artist": "Vincent Van Gogh"
 6    },
 7    {
 8      "name": "The Scream",
 9      "year": "1893",
10      "artist": "Edvard Munch"
11    },
12    {
13      "name": "Guernica",
14      "year": "1937",
15      "artist": "Pablo Picasso"
16    }
17  ]
```

Start from the following HTML code and write the JavaScript code that fills a table with details about the paintings. Your final output should look like this:

Some famous paintings

Name	Year	Artist
The Starry Night	1889	Vincent Van Gogh
The Scream	1893	Edvard Munch
Guernica	1937	Pablo Picasso

Output

JavaScript

HTML

Some famous paintings

Name Year Artist
